CIRCULAR

Subject: *Restriction on Use of Two-Wheelers by Underage Students*

Dear Parents and Students,

- As per the instructions received from the **District Transport Officer** and in accordance with **government road-safety guidelines**, students who are **below 18 years** of age are **strictly not allowed** to come to school on two-wheelers.
- Only students who are **18 years of age** or above and **possess a valid driving licence** are **permitted** to commute to school on a two-wheeler. Such students must submit the copy of their age proof and driving licence in the office then they will be allowed to park their vehicles in the designated parking area allotted by the school.
- It has also come to our notice that some underage **students** are bringing two-wheelers to school and **parking** them in the **nearby residential area**, including in front of houses and shops. The **school has received complaints** from residents **regarding improperly parked** vehicles causing inconvenience and obstruction.
- Parents are requested to understand that **if students do not follow** the above instructions and park their vehicles in the surrounding residential area, the **school will not be responsible for any action taken** by the **residents or the concerned authorities** in this regard.
- Furthermore, **as per government guidelines**, if an **underage student** is found **driving a two-wheeler**, the **responsibility will rest** with the **parents/guardians**, and the matter may attract action as prescribed under applicable rules.
- We therefore earnestly **request all parents not to send their wards to school on two-wheelers** if they are under 18 years of age. Your cooperation will help us ensure the safety of our students and well-being of the parents.

Parents are requested to strictly adhere to these instructions.

Principal
